

title: Roman Gladiator Theme Music

time: Written in the Spring/Summer of 2000

theme: Based on the life of Russel Crowe's character in "Gladiator".

Light breaks through a window
Blinds the dust of a piece of mind taken from me
I will walk strong
I remember the things taken from me
I know you are standing there
With your eyes peeled over everything I say
I know you do

Life is in me dreaming always
While you are pouring me only
Waiting for me to fail you
Expectancy will poison
Virtue is lost
Gone in me

Taken from me my home
From me my home
I am broken have to feeling
Won't be taken of me
Won't be you won't be me

Removed in anguish secluded in fear
Constantly asking who am I standing here
We are laughing and screaming
We saw all the painted line
That run over me
And are laughing no more

I am walking hard over everything
Walking back over you.
